Yangchuanosaurus

grr!

Over there!

Eldar attack craft

Over there!

On Guard

Polish sniper

High Elf Mage with staff

German city spearmen commanders

Burgundian mounted crossbowman

These painted figures and models are the ones I feel best showcase my painting style and the true variety of figures that I paint. As the images show I cover everything from dinosaurs to sci-fi and most genres in between. Many of these images can be found on different websites I've painted for, the [Yangchuanosaurus](#), [short faced bear](#) and [Dwarf](#) can be found on [Wargames Design Workshop](#).
